

Sherwood Forest Faire Summer camp means so much to me. I love it. It is so awesome. I miss Nicoli and Lillian. Camp was so much fun.

THEY WOKE ME UP WITH BAGPIPES!The breakfast was delicious because they had bacon.The lunch was delicious.The dinner was delicious.

My favorite thing to do was swim in the pool. I love to swim. I love to be in the play. I was a unicorn in the play. I was a red unicorn guardian. I saved my friends in the play. I loved the play and camp. I cried when I left."Do not shoot my friends!", I said in the play.

In blacksmithing class, I made two fairy swords. I tried to make a bracelet, but I hurt my fingers by accident. My favourite class is pottery! I made a cup with a handle. I made a rainbow wax hand in the candle making class. I also made a candle by dipping pink wax over and over. I made a chain using two pliers.

They had a giant war and the bad guys lost. I was not in the war. Robin Hood and all the other people were fighting against Prince John. On Friday we went to falconry class. One day we stole the Holly Druids Flag, made them beg and made them do the chicken dance to get it back. That was funny. I was glad we never lost our flag. I love camp and want to come back every year.
